ALMERIA - CABO DE GATA - SAN JOSÉ - LAS NEGRAS - NÍJAR –CARBONERAS

If you want to do some traveling, do it in the Levante area, Cabo de Gata and San Jose. They are about 75 km away, almost all of them on a coastal road, with a semi-desert landscape formed by dry river beds, Pitas and dwarf bushes.

Must stop in these villages: The Cabo de Gata Natural Park, San José, Nijar and Carboneras.

Other places to visit are: La Isleta del Moro, Rodalquilar, Las Negras, and the Mesa Roldán Lighthouse.

If you want to go into the heart of San José and do some walking excursions, try the beaches on foot or bicycle, for example:

EL POZO DE LOS FRAILES - SAN JOSÉ - PLAYA DE LOS GENOVESES - PLAYA DE MÓNSUL

Starting from the Noria del Pozo de los Frailes, next to the road, you can see a windmill that can be visited. San José is an ideal place to refuel and then go to the Amazing Genoveses and Mónsul beaches. If this tour is done in the afternoon you can quietly enjoy the beauty of the silhouettes of the hills and the reflection of the sea.

(SAN JOSÉ IS 67 KM FROM ROQUETAS DE MAR).
